("Falconedge" or the "Company")

### **Falconedge commences trading on OTCQB Venture Market in the United States**

Falconedge PLC (AQSE: EDGE) is pleased to announce that trading in the Company's Ordinary Shares will begin today on the OTCQB Venture Market in the United States, under the ticker symbol "**FEDGF**".

Trading on the US OTCQB market is due to commence today at market open in the US and will have no impact on the Company's existing Ordinary Shares trading on the Aquis Growth Market. Falconedge will continue to make announcements and disclosures to the Aquis Growth Market through the regulatory RNS channel and has no Sarbanes-Oxley or SEC reporting requirements.

The cross-trading facility is provided through OTC Markets Group Inc., located in New York. OTC Markets Group operates the world's largest electronic interdealer quotation system for US broker dealers and offers multiple media channels to increase the visibility of OTC-listed companies.

Roy Kashi, CEO of Falconedge, commented:

"We believe that the OTCQB listing will allow the Company to have a far wider reach to an international shareholder base, that would otherwise not be able to access trading in Falconedge. As an income generating BTC yield play with a growing client base, the Company wants to ensure that the shares will be accessible to a wider international shareholder base, to electronic trading, facilitating further liquidity in the shares."
