

Falconedge (AQUIS: **EDGE**) (OTCQB: **FEDGF**) (FSE: **V87**)

Modernising hedge funds services with Bitcoin-backed capital strategies

WHY FALCONEDGE IS DIFFERENT

Profitable scalable hedge fund-services and advisory backed by a Bitcoin Treasury reserve strategy

OVERVIEW

Model: Designed to generate organic yield

- **Advisory & Fund Services:** Delivering turnkey solutions that boost capital efficiency
- **BTC Treasury Strategy:** Building a corporate Bitcoin treasury designed to reduce reliance on equity issuance and enable long-term, non-dilutive balance-sheet growth

Team: Proven leadership in hedge fund management, digital assets and Bitcoin strategy

- **Roy Kashi** – CEO | 15+ years in derivatives & hedge fund operations, ex-Brean Howard, Henderson Global Inv.
- **Benny Menashe** – Chairman | 20+ years in FX & digital assets, Falcon Investment Management CEO

TREASURY YIELD

As of Yield Strategy Inception beginning December 2025

March 2026 Treasury Yield Results:

- Total Organic Yield: **5.21%**
- Total Organic Yield in BTC: **1.0037 BTC growth**
- Total Organic Yield (GBP): **£51,363**
